# WELCOME MESSAGE

It is with immense pride and great pleasure that we extend this invitation to the Biggest National Hernia Conference ever hosted in this region. This event marks a significant milestone in our medical history, as we bring the surgical fraternity together for the very first time on such a grand scale. Our goal is to create a dynamic environment that showcases a comprehensive range of advanced surgical techniques alongside the latest breakthroughs in medical products and technology.

We are deeply honored to welcome a distinguished roster of eminent National and International faculty members. We are specifically reaching out to all General, Gastrointestinal, Laparoscopic, and Robotic surgeons to join us in this unique forum. Whether you are a veteran in the field or an emerging talent, your presence will enrich the dialogue.

This conference has been meticulously curated to be far more than a standard academic exchange. It is envisioned as a transformative platform where we will not only review current best practices but also actively explore the future of hernia surgery.
